Dear Matthew Porter,

Re plan for 9 Holmbush Way, Southwick.
Reference number - AWDM/1513/15

Further to our telephone conversation on Monday 2nd November 2015, I am placing my objection in writing to you.

I am concerned that the plans online would result in a significant loss of light to the rear of my property of 7 Holmbush Way, east of the planning application. It would also change the outlook and view from the rear of my property. We have a small rear garden and these plans would reduce the light significantly. I have lived here since March 1988, coming up to 28 years and as a family we use part of our garden to enjoy breakfast, which we would no longer be able to do.

Since viewing the plans for myself it would seem that the wall to the west side of the extension will come out into the driveway, level with the existing property built in 1956. This would mean that the proposed extension would be built on the shared driveway to the property. This land has shared ownership legally and I do not consent to it being built on land that I own jointly. I believe that the existing porch to the rear of the property and back of kitchen already extends onto joint land but was there prior to purchase.

Yours sincerely
Mrs Nicola Crook
