For the attention of :- Mr.Peter Barnett.

Dear Sir,

Planning Application Reference: AWDM/0097/15

Further to my letter of 17th February, objecting to the above-referenced Planning Application, I now enclose a series of photographs taken from the dining table in the main living room.

The photographs clearly demonstrate the natural light which we presently enjoy, and which will be denied us if the proposed extension is built.

I feel that our right to light should be taken into serious consideration before any decision regarding the approval, or otherwise, of this Application is made

Yours faithfully,

D.Neville. [redacted]
