Dear Adur Planning,

I write to confirm my even greater concerns for flood risk from this amended plan for the 4 Old Shoreham Road planning application. The new road layout is far greater than previously, probably by as much as a 30% increase.

My previous comments stand, but I must add I have further concerns for an greater flood risk created by the increased area of this road for groundwater disruption and surface water run off.

Could you kindly confirm receipt of this email.

Yours faithfully

H.W. Hallett
