Attention of Gary Peck.

Dear Adur Planning,

We write to confirm our even greater concerns for flood risk from the amended plan for the 4 Old Shoreham Road planning application. The new road layout is a far greater scheme than previously, with probably as much as a 30% increase.

Our previous comments stand, but we must add that we have further concerns for a greater flood risk created by the increased area of this road for groundwater disruption and surface water run off.

We should be grateful if you could kindly confirm receipt of this e-mail.

Yours faithfully,

Mr. & Mrs. D.A.Figueira
