Dear Sir,s

With respect to above application we are writing to object the plans for two reasons firstly that our light will be effected if the roof was indeed raised and the other is on health reasons, I have lived at this address for many years and was living here when application was granted for the Dome Roof to be replaced a few years back, this project although bigger it caused me many months of ill health including Suspected Hearts Problems/Stress and Sleep Disorder which all ceased after the work was finished for which I can provide information if required, I work four nights a week as a Taxi Driver which is Sun/Weds/Fri & Sat and I`m expecting a baby in September and am the only bread winner in our family so i`m worried because the work that is going to be carried out is no more than 30-40 feet from my window and the window is only single glazed and is already fairly noisy without the fact of major works outside my window, the Dome repairs was granted permission to work 7 days aweek and always started at 6.40-7.00 in the morning and after a afew weeks it wore me down with lack of sleep and also put me into debt because i was too sick to work due to lack of sleep and above health issues, I`m not a usual moaning person that objects to everything for the sake of it but I do know if this is granted I will have many months of hell when I need every penny and sleep of course for the new arrival, I`m however open to offers by the contractor/s whilst the work is being carried out if it is agreed but if my health is effected in anyway I will be looking for redress in a court of law as this can be resolved for all parties before work can be given the go ahead.

Your faithfully

[redacted]

Frank Jones

21st July 2010

Application No: 10/0519/FULL

Address: Gospel Hall
Bedford Row
Worthing
West Sussex
BN11 3DR

Proposal: Alterations including increase in roof height, replacement slate roof incorporating two dormer windows on front (east) elevation, installation of roof lights in rear and side roof slopes in connection with conversion of loft space to provide one self contained flat. Reinstatement of boarded up windows (front elevation) retaining the existing class D1 use of the Gospel Hall on the ground floor.

Officer: Mr M Porter
