Proposed development
2 changeable tarpaulin adverts (one on north side of building and one on south side)

Location of development to which application relates
Co-Op Superstore South Street Lancing West Sussex

Comments

On considering the design of the Superstore, one can only assume that the proposed advertisements are to be situated on the roof of the building; in which case we would strongly disapprove of the north facing advert! This store is located in a residential area, therefore the design, appearance + materials of the proposed development would in our opinion be detrimental to the character of the locality.
