PREMIUM SERVICE PAIRED WITH PREMIUM PANELS

Our panel partner Solarwatt have been developing and manufacturing solar panels for 31 years, that's longer than Jinko, JA Solar, Trina and all the other Chinese Tier 1 giants!

Their products offer superior build quality, Cradle to Cradle Certified manufacturing processes & warranties across all their panel types that are simply better.

Glass-Glass-Module

The Solar Cells are embedded almost indestructibly in the glass-glass composite and thus optimally protected against all weather effects and mechanical stress. Solarwatt can therefore offer a 30-year warranty on performance and product quality.

- Ammonia Resistant
- Intensive Hailstorm Resistant
- Salt Mist Resistant
- LeTID Tested
- PID Protected
- Increased Fire Protection
- Snow-Load Warranty
- Bi-facial TOPCon Half-Cut-Cells

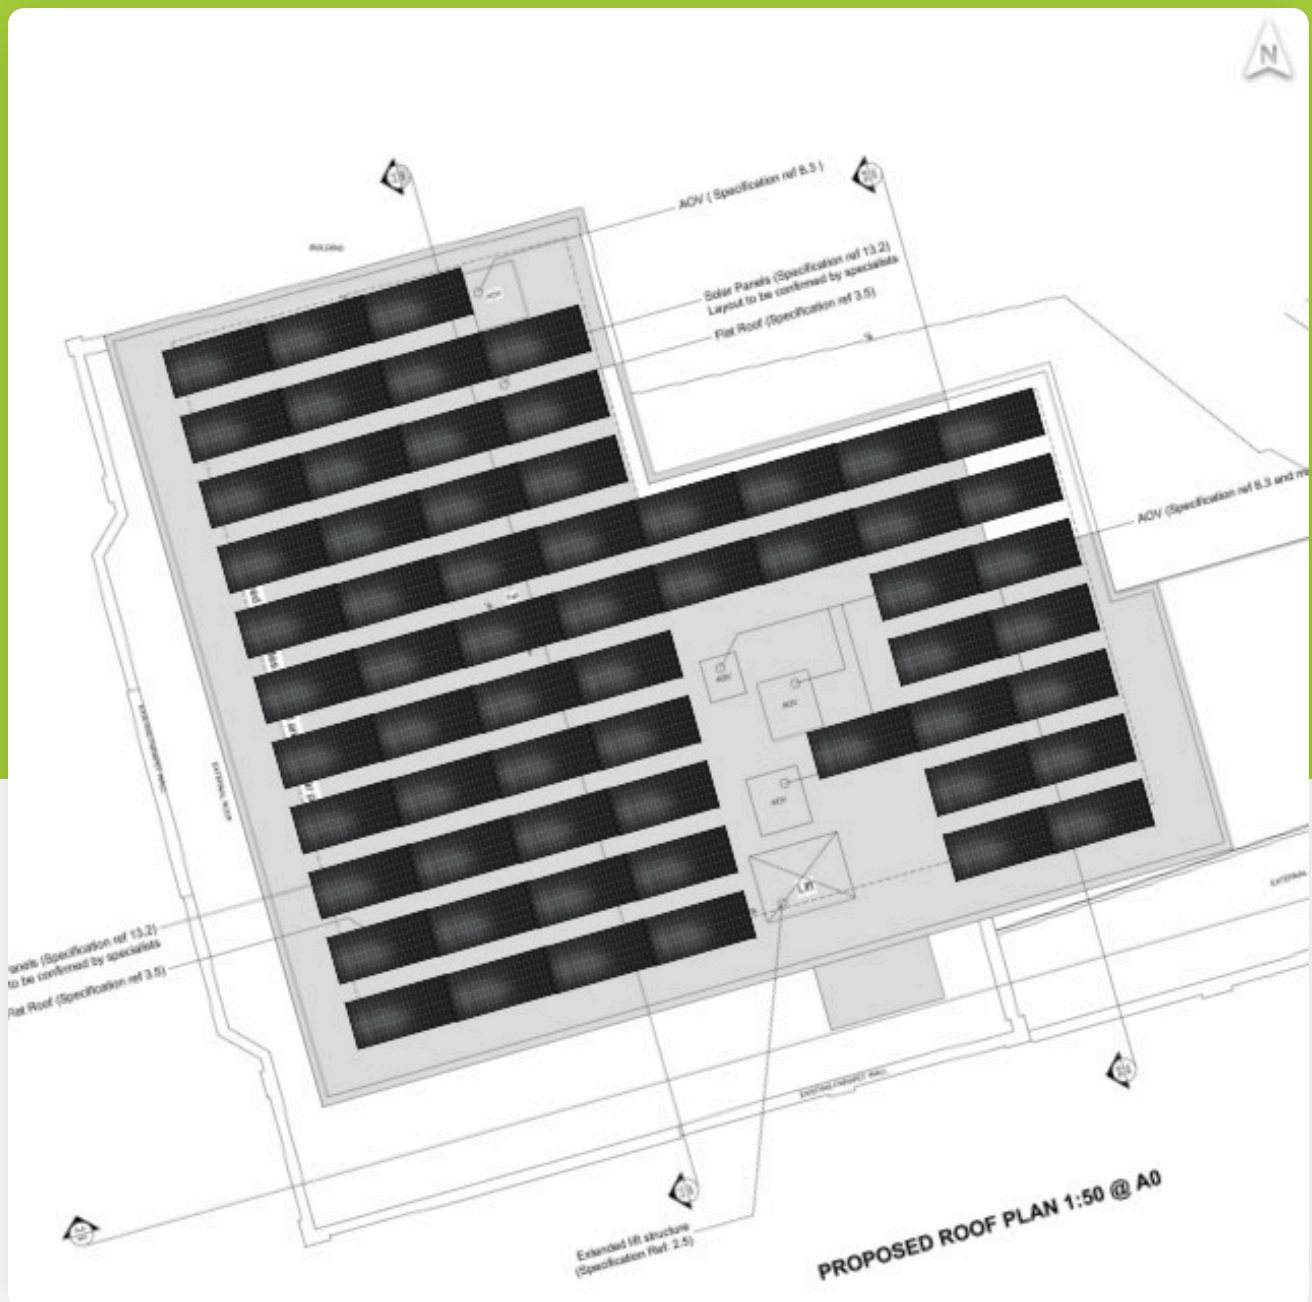

WHY SOLARWATT?

Solarwatts leading panel design technology and ethical stand point on panel production fit perfectly with our ethos at DW Energy Ltd. SOLARWATT can prove no slave labour went into the making of their panels or mining of raw materials, can prove their technology lasts longer and to top it off their warranty stands the test of time.

On top of all off this their sustainable methods of manufacture mean each one of Solarwatt panels cost the planet 250kg / co2 per panel compared to many Tier 1's of 650kg / co2 per panel.
