Minutes of the Meeting of the Planning Advisory Committee held on Wednesday 16th September 2009

ADC/0334/09	2 Mill Road Lancing West Sussex BN15 0PT	Attached garden room /toilet and pitched roof on utility area	The Council voiced the same concerns as ADC insofar as the new roof could affect the light and overlook the adjoining house. The option of a flat roof however was not permissible as the application was in a conservation area. Providing no objections were received from the neighbours the Committee felt that it would have no objections to the proposal.
