Quotation

Reference: 96 First Avenue

4th February 2010

Mr Alford
96 First Avenue
Lancing
West Sussex

Dear Mr Alford

Thank you for asking us to quote for the following works:

CONSTRUCTION OF VEHICLE CROSSOVER AND BLOCK PAVED DRIVEWAY.

1. To excavate the area to correct depth and dispose of all arisings.
2. To set in new kerbs.
3. Kerbings will be well haunched in 150mm thick concrete bed and backing.
4. The crossover area to be back-filled with 150mm type 1 sub-base stone and compacted.
5. Driveway area will be back-filled with a foundation of type 1 sub-base laid to a depth of 150mm spread to levels and falls and compacted.
6. To base tarmac the crossover area at a depth of 60mm laid and compacted.
7. To top coat crossover with 40mm of hot rolled Asphalt rolled to a finish.
8. To construct driveway edge using blocks laid and well haunched in concrete.
9. To lay sharp sand to the area at the depth of 50mm spread to levels and falls and compacted.
10. To lay block paving to the area, all necessary cutting to be carried out using a diamond blade to ensure a neat and precise fit.
11. Kiln dried sand to be brushed into joints and to be compacted for a final time.
12. Site to be made good and left in a clean and tidy condition.

FOR THE SUM OF **£2950.00**

The above price includes supplying all necessary material and labour.
Construction of crossover will be carried out to County Council specifications (including £10 million public liability insurance required by the council) and carries a 12 month guarantee to them.
(Guarantees do not cover damage caused by misuse, neglect or adverse weather conditions).
We hope the above meets with your requirements and approval, if you have any queries regarding this quotation or specification, please do not hesitate to contact me and I look forward to receiving your
