Dear Mrs. O'Keefe,

This response follows the second letter dated 03.05.19 from Adur & Worthing Council regarding the proposed single storey extension to No.41 Queens Place. Ref.AWDM/0532/19.

While not opposing the scheme in principle, in re-assessing the situation I found that there is still a problem of considerable blocking of light if the vertical part of the extension rises to 400-500mls above the adjoining flint wall.This particularly affects the East facing window of my lounge/dining area and more than two thirds of the kitchen windows which face the proposed extension.

I hope that a better solution can be found.

Yours sincerely,

Barbara Fanning.
