Dear Sir

Single Storey rear/side extension. (Re-submission of AWDM/0245/16)

10 QERNEBY CLOSE - SHOREHAM BY SEA BN43 6EJ.

Ref your letter of 25 Oct 2016 with regard to the above. My objections to this development contained in my letter of 4 March still apply.
It is an excessive extension of a small end of Terrace property increasing the living area by approx. 50%. Daylight on my west side will be affected by a high brick wall close to the boundary fence some 5/6 ft beyond my conservatory.
If these plans are approved it will give the go ahead for future similar developments, completely altering the original design of the houses in a conservation area.
