Comments:	This is a valuable addition to the community and supports the growth and development of local children. I am also a neighbour in the local vacinity and there has been no negative impact on my family or our lives. There are no changes to the external structure of the building. The hours of operation are shorter than business working hours (9:30-3:30). There are only 2 points within the day that increased traffic is seen and more cars are parked in the local area, but the school reports that they have a strategy to manage this.

Kind regards
