Comments Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Reasons for comment:
- Design
- Loss of General Amenity
- Other
- Overdevelopment
- Privacy Light and Noise

Comments: After consideration for the plans for the two story development of 297. I strongly disagree with this proposal. As the neighbour to this house I believe the development would ruin the aesthetics of the historical buildings in the small row of cottages but also contradict the building itself. This development will overlook and block natural light into my master bedroom, kitchen and bathroom.

The planning also shows a large extension at the back of the house which will block all sunlight out of my garden and overlook into the bathroom and kitchen area giving no sense of privacy and bring a sense of feeling enclosed and in darkness. This will also make my garden become a courtyard rather than a garden which would effect the value of my house if I ever wish to sell.

I will also make it clear that I give no permission to gain access to the party wall for this extension as it will effect the stuctural integrity of my house.

Kind regards
