## Comments Details

**Commenter Type:** Neighbour

**Stance:** Customer objects to the Planning Application

**Reasons for comment:** - Overdevelopment

**Comments:** Also to add. With the plans to have additional bathroom. Where will the sewage go? Already 297 shares our drains. This concerns me as to whether the drains will be overloaded. Due to the age of the properties they are already sensitive and had previous problems. I have the man hole cover access in my garden. I believe this would overwhelm the drains and may cause blockages again.

Kind regards
