Comments: I noticed at the meeting on the 2nd of December , That humphrys Gap is to have bollards across it , There was against a court order in the early 80s heard at Steyning magistrates court , That was to try and close it of the court ordered in favor of the local fisherman that it was to remain open.This public Hard is used for the use of boat owners picking up there fishing parties , Also for people to use for fishing , vehicles have been using this site for a number of years .Fordamins have use it to load and unload lorries ever since they have been there ,There is to my knowledge no court order been taken out to shut this of , I am at the moment trying to get a copy of this order which my grandfather and the local fisherman fought hard to keep this gap open , Paul Collins
