07th September 2009

Dear David Nuttall

Change of Use Application from shop (Class A1) to hot food takeaway (Class A5) at 6 Seadown Parade, Bowness Avenue, Lancing

I am writing in response to your letter dated 25/08/2009 in reference to the above address requesting for confirmation that appropriate grease traps will be installed in the proposed development.

Further to your request I can confirm on behalf of our client that we will be happy to accept the imposition of a condition for the installation of the appropriate grease traps should consent for the planning application be granted.

I trust this shall be acceptable.

Yours sincerely,

[redacted]

Jonathan Harper
Planner
