Dear Mr Morris

Shoreham Pumping Station Cottage – field reinstatement

Thank you for your letter dated 10th of January, received on the 15th. I confirm the proposed consent detailed in my letter of the 28th of December 2007 is now in place. Please notify myself two weeks prior to any work commencing. I note you also intend to inform John Moore direct.

If you have any queries at this stage, please do not hesitate to make contact.

Yours sincerely

D Clark

shutdowns at the WSW during ground works, followed by pumping water to waste prior to putting water into supply.

Please advise in writing if you wish to secure a consent subject to the above conditions. Such a consent would be a one-off, and all covenants within the property transfer dated 2nd of March 2007 would remain in full force and effect.

If you have any queries at this stage, please do not hesitate to make contact.

Yours sincerely

D Clark
