Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Loss of General Amenity - Other
Comments:	The main concern is public safety. A wide public right of way has been condensed into a narrow passage. This right of way is used at all times of day and night, especially by school children. This has made it very unsafe and lends itself to unlawful occurences such as drugs and muggings which have happened in the past.
