Dear Jo

Thank you for your advice this morning. As discussed with you, this e-mail is a holding reply to request further time to make formal comments on the building application for N°39 Gerald Road because firstly your letter took 9 days to arrive at our house and secondly our neighbours, the applicants at N° 39 have gone on holiday for a week and we need more time to discuss this and comment accordingly. We would like a site visit please as soon as possible as you suggested.

We would prefer communications e-mailed to us please as the postal service is so unreliable.

Kind regards

David Muchmore
