Hello Louise

I can confirm that the person ultimately responsible for the ongoing adherence of the Site Management Plan would be the home's General Manager, however, this appointment has not yet been filled.

In the meantime, therefore, it would be the responsibility of the Regional Operations Manager, Ann Saunders, for the implementation of the SMP and then this would transfer to the General Manager once they are in place.

I hope this answers your query.

Many thanks.

Kind regards

Marion Clapp
