Dear Sirs

**RE 26 ROMAN ROAD, SOUTHWICK – AWDM/0851/12**

We write in support of the above planning application.

The proposed dwelling is appropriately scaled for the size of plot, with upper floor accommodation provided within the roof space.

The applicants are proposing to plant mature/semi mature trees along the boundary with our house, and we can confirm that we support this approach. We would prefer for the planting to be on the applicant's side of the proposed boundary.

Given the distance between our dwelling and the proposed dwelling, we are happy that there will be no unreasonable overlooking of our property – and the provision of trees along the boundary will reinforce this matter further.

We trust the above will be taken into account when the application is determined.

Yours faithfully
