Comments

My husband and I would like to be assured that the development of the garage would not alter the access and right of way to West and East Houses as laid down in the deeds of the properties. The width already very tight, between the garage and the fence needs to remain the same and especially be left wide enough for all emergency vehicles to have access and turn in the space as well as ourselves.

The drive from Forthaven along the side of garage is the only access to our houses.
