Garry

Please find attached the submission from myself on behalf of a number of householders in River Close.

Please be aware that ELF will be writing to the Planning Inspectorate (via you as there is no direct contact route) to request an extension for them to submit a legal opinion. The request for extension will be based on the fact that I was only informed of the appeal 4 working days before the deadline, which clearly does not give sufficient time to obtain legal advice.

Many thanks

David
