SCHEDULE

Reasons for Granting Permission

01. The proposed development is within the built-up area and would help meet the need for affordable housing without detracting from the existing local urban environment and without resulting in a deficient amount of open space in the locality. It can take place without resulting in unacceptable detriment to the residential amenities of adjoining houses, without detraction from highway safety and without unacceptable flood risk. It would consequently not conflict with the relevant policies of the Adur District Local Plan (AG1, AB22, AH2-3, AH5) the West Sussex Structure Plan 2001-16 (LOC1, NE2-3, CH1, ERA1, DEV1, DEV4-5) and PPS25.

Reason: *To comply with Section 91 of the Town and Country Planning Act 1990.*

02. No development shall take place until details of walls and/or fences have been submitted to and approved in writing by the Local Planning Authority and the buildings shall not be occupied until such walls and/or fences have been erected.

Reason: *In the interests of amenity and to comply with policy AH2 of the Adur District Local Plan and DEV1 of the West Sussex Structure Plan.*

03. The buildings shall not be occupied until the parking spaces and access facilities shown on the submitted plans have been provided in accordance with construction details to be submitted to and approved in writing by the Local Planning Authority. The areas of land so provided shall not thereafter be used for any purpose other than access and parking of vehicles incidental to the use of the premises concerned.

Reason: *To ensure adequate provision for parking clear of the highway and to comply with policy DEV4-5 of the West Sussex Structure Plan.*

PTO

04. The houses hereby permitted shall not be occupied until provision for access and parking of vehicles and cycles has been made in accordance with details to be submitted to and approved in writing by the Local Planning Authority and such provision shall thereafter be used only for access and parking of vehicles and cycles incidental to the use of the premises concerned.

Reason: *To ensure adequate provision for parking clear of the highway and to comply with policy DEV4-5 of the West Sussex Structure Plan.*

05. No use of the vehicular accesses shall take place until satisfactory kerb and pavement crossings between the boundary of the site and the adjoining carriageway have been constructed. The requisite specification can be obtained from the Area Highway Engineer, WSCC Southern Area Office, Clapham Common, Clapham, Worthing, West Sussex BN13 3UR. There shall be no drainage of surface water from the property onto the highway.

Reason: *In the interests of highway safety and to comply with policy DEV4 of the West Sussex Structure Plan.*

06. The accesses shall not exceed 3 metres in width and shall be laid out to provide visibility splays on each side of their junctions with the existing public highway. These splays shall be 2 metres by 2 metres on each side of the access based on the existing highway boundary. No other work shall be carried out on the site until the above mentioned splay areas have been provided and thereafter they shall be kept free from any obstruction to visibility in excess of 0.6 metres above the level of the adjoining carriageway.

Reason: *In the interests of highway safety and to comply with DEV4 of the West Sussex Structure Plan.*

07. No construction work shall be carried out on site unless there is available within the site in accordance with details approved by the Local Planning Authority provision for temporary parking and loading/unloading of all Contractors vehicles, and for Contractors buildings, plant, and stacks of materials and such provision shall be retained for these purposes throughout the period of work on the site.

08. No work shall be carried out on the site unless and until an effective vehicle wheel-cleaning facility has been installed in accordance with details approved by the Local Planning Authority and such facility shall be retained in working order and operated at all times that the premises are in use to ensure that vehicles do not leave the site carrying earth, mud or other material on their wheels in a quantity which causes a nuisance or hazard on the road system in the locality.

Reason: *In the interest of highway safety and to comply with policy DEV4 of the West Sussex Structure Plan.*

09. No works or development shall take place until full details of all hard and soft landscaping works and the proposed times of planting have been approved in writing by the Local Planning Authority and all soft landscape works shall be carried out in accordance with those details and at those times. These details shall include the trees indicated on the submitted plans. Any trees or plants which within a period of five years from the time of planting die, are removed or become seriously damaged or diseased shall be replaced in the next planting season with others of similar size and species unless the Local Planning Authority gives written consent to any variation.

13. The 6 affordable, rented housing units hereby permitted shall be used only for the purposes of providing rented housing accommodation for households in need of affordable housing as identified by the Council or in the case of New Build Homebuy by agreement with the Council and whatever Zone Agent or subsequent arrangements are in force at any time to manage occupation of such properties. These arrangements shall be governed by the nomination agreement between the Council and the registered social landlord managing the affordable units.

Reason: *To ensure that the houses are affordable within the definition of PPS3 and to meet the needs indentified within the District.*
