Re: 95 Southwick Street, BN42 4TL

We are the attached neighbours to Mr & Mrs Brown at the above address to which they have shown us and discussed their drawings of the ground floor rear single-story extension they wish to do.

We are happy for the extension to go ahead as we feel it would not impact on our lives and would not block any of our light or privacy providing that it is no more than stated of 5 meters in length and 3 meters in height.
