Dear Planning,

We are objecting to this application for the following reasons:

- The land in question is owned by the Adur District Council and not by the applicant. Therefore the applicant has no right to erect a garden shed on the land or enclose it within their garden
- This land is used by the council to access the open ordinary surface water course that runs along the north of the subject property

We also note that there is an access path at this location which may be blocked by this proposal.

Regards,

Adur & Worthing Councils Property Team
