Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Loss of General Amenity - Overdevelopment
Comments:	I object to this mast because it will be a very unsightly eyesore in the neighbourhood and being so high it will dominate the whole area as it will not be hidden behind the trees. My daughter lives very close to Durrington community centre and she is petrified that this mast will hurt her and her five children, 2 of which already suffer from asthma and from what I've read there have been a lot scientific researches done showing that 5G is bad for humans, specially children and the environment. Please do not let this mast go through it is NOT a good idea for the residents of Durrington. Thank you.
