Dear Mr Rogers,

I was able to access site today.

So I can issue this certificate on Monday, please confirm
The roof lights would not protrude more than 150 mm beyond the plane of the original roof slope, and no higher than highest part of original roof. (your application forms incorrectly states the roof lights would protrude no more than 200mm)

Also Please confirm the use of the building is C3 private residential dwellinghouse as your application forms incorrectly state is a D1 use, to which relevant permitted development rights do not extend.

YOurs sincerley
