PLANNING SERVICES

Dear Gary Peck.

I am writing in regard to the above planning application
Erection of 7no. Industrial units for use Classes B1 (business) and Use Class B8 (storage or distribution) on east side of site with associated parking and refuse storage (AMENDED PLANS AND DESCRIPTION).

Ocean View Business Park Gardner Road, Southwick, West Sussex.

① I would like to know in black and white the number of units and size.
② What time of day they are being used and closed, and how many days per week.
③ What type of storage contents will they contain.
④ Exactly where will it be, my house backs onto the start of the council houses and the car park of the Motorbike and parts shop.

- I do not own a computer so I cannot go on the website etc, and am disabled so find it very difficult to go and view the plans etc at the Shoreham centre. Pond Road.

I await a reply so that I can easily understand the questions I have asked for.

Yours Sincerely

also

62 Old Barn Way.
