REFERENCE - AWDM/1057/23

29/8/2023.

I am writing with reference to the proposed mast application with the mast to be sited by the Sussex Yeoman, Littlehampton Road

I feel the appearance + siting of the mast will have an adverse impact on the view in the area and will be intrusive to the enviroment.

Also the siting next to a Children's Park caused concerns.

There is proven research to show that those residents closer to these masts suffer higher levels of ill health. Therefore on health + environmental grounds I would rigorously oppose this proposal.

I would also like to enquire about the need for the mast when a similar one has been installed recently only 200 meters away. Which incidently we were NOT consulted on.

Finally it is proven that property prices will be impacted should the mast be installed. I would like to know + understand your plans to compensate

residents who will be impacted.

I look forward to your comments in due course

Yours sincerely
