Comments:	Dear Mrs Hearsey, Further to our telephone conversation last week in respect of concerns over the lighting to the existing dining room I can confirm that our clients are aware of the situation & for this reason have included the large rooflight over the utility room which will feed light in to the dining room window. The dining room is also open to the front living room & the benefit of having a light & spacious garden room far outweighs the potential loss of some light in the dining room. I can also confirm that the doors from the garden room into the kitchen will be fully glazed. I trust that this information is of some assistance, Regards, Jon Andrews
