Stance: Customer objects to the Planning Application

Reasons for comment:
- Highway Access and Parking
- Overdevelopment

Comments: We believe the plans will mean twice as many residents and twice as many vehicles in an area that is already very heavily used at peak times and is situated on a corner that floods regularly into our front gardens. Only this morning our vehicle that was parked in the road outside our house was hit by another vehicle coming in from the main road. More residents and therefore potentially more vehicles will only aggravate the situation. Our road is used by a lot of children going too and from school and another access from a much enlarged property would, in our opinion, be dangerous.
