Address:	92 Manor Road, Lancing, West Sussex BN15 0HD

Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Other - Privacy Light and Noise
Comments:	I strongly object to this. The current opening hours are long enough for a residential area, something it seems the business owner has no regard for. This area is not suited for a petrol station to be open from very early morning until late at night. We have elderly residents and children living in this area who deserved a peaceful evening, as well as those, like myself, who work long days. [redacted] I need to keep my curtains open at night to be able to sleep peacefully. If these opening hours are allowed it will massively increase the light disturbance from the jet wash flood light, the price display lights, the store lights as well as the big green beam from the pump stands. All of this will disrupt my sleep causing me even more stress than I am already under. I am not sure how many more times the business owner will push for extended hours before he realises no resident here approves of it. Each application has

been objected by huge numbers but every other month another application still comes through. I urge the council to stop allowing these applications to go forward and do right by the local residents, rather than the big corporation,
