Your ref AWDM/0170/24 Finlay Gardner

Comments re proposed development @ 7, Shepherds Mead

1) Changing roof structure of garage @ No7 could affect garage @ No6 as the two garages are joined. Also if it rains there could be damage to roof @ No6. Would the proposed alteration require access to garage roof @ No6 ? How would the alteration be done?

2) The proposed increase in height could affect my privacy?

3) Property is in the South Downs National Park so any obvious changes could be detrimental to local residents and to the South Downs National Par
