Dear Derek,

Re: Construction and Environmental Management Plan – New Monks Farm

Thank you for your CEMP for the highway works due to start on 6th April. After reviewing the CEMP, I am happy to confirm that this is acceptable and, in particular, I am supportive of the revised access for the Gypsy and Traveller Site pending the completion of the A27 junction.

I understand that you have consulted with West Sussex Highways and with the Travellers themselves and hope this letter is sufficient for your purposes and to enable further discussions with West Sussex County Council.

Yours sincerely

[redacted]
