Re: Solar panel on south side roofslope; 23 John Street, Shoreham-by-Sea, BN43 5DL

Dear Sir/Madam

Thank you for your letter of 13th May which covered three points requiring attention.

1. I have amended the letter to confirm that only one panel is to be installed.
2. In line with Carlos Hone's advice I conclude that Planning permission is not required and I have therefore included with this letter three Listed Building Consent forms downloaded from your website.
3. I have attached a Design and Access Statement regarding the new requirements.

Yours faithfully
