Comments

With reference to the above we wish to oppose this proposition for the following reasons:-

This is a large residential area with many young families. The noise pollution from a 24hr working environment would cause a great disturbance to not only ourselves + our young children but also to many other families in the surrounding area. There are many HGV's that come and go into this estate with deliveries etc. that ~~have~~ many occassions had to go up onto the kerb to enable the vehicle to manoeuvre into the estate, this causes a great deal of noise + disruption, we do not want this to increase which we feel it will even though it states no loading and unloading during these extended hours.

Unless you indicate below you will not be allowed to speak at the Committee meeting:-

I wish to speak on the application at the Committee meeting – **YES / NO**
