Dear Mr Barnett

Thank you for your recent letter re the above Variation of condition 1 (approved plans) of AWDM/1283/18, 8 Fairview Road. Lancing.

I have not been round to check but I am assumng it is the house that has been in the process of re-buiding for most of this year, and is almost on on a line south of my home though not contiguous.

I write at once because I can think of no reason why I should register any dissent, save one, and that is the trees. I think some already carry a TPO but they form a very useful canopy between the north of Fairview and the south of Mount Way (not to mention an excellent skyline to the Downs from the A27) and the usual provisos on climate change, the environment, and so on.

I suspect this may already have been taken into account, but if not I hope that among all the other comments you receive this point may at least get some consideration.

Best wishes to you and youir collegues in this particularly difficult time.

Reverend Alec Gilmore
