West Sussex County Council (WSCC) as Local Highway Authority (LHA) have been consulted upon planning application AWDM/0223/24 that seeks part discharge of conditions 11 (lighting).

Comments- The LHA has reviewed the submitted information and has confirmed with colleagues within our highways agreements team that the Section 38 Agreement for the internal layout which includes lighting has been granted Technical Approval. The applicant should note that WSCC have entered into a Private Finance Initiative in relation to all its street lighting and all street lighting must meet the requirements of SSE who manage and operate the contract on behalf of WSCC.

On the basis of the above the LHA would be satisfied that the requirements of Condition 11 has been met and Condition 11 can be discharged.
