Stance:	Customer objects to the Planning Application
Reasons for comment:	- Overdevelopment - Privacy Light and Noise
Comments:	I am corncerned about the overdevelopment in this area, the building making the application has already expanded significantly, including areas that remain lit late into the evening. This combined with the lighting at Tesco opposite and the large number of bright street lamps in the area makes for an already too bright environment to sleep in. The objection regarding over development applies to both the funeral directors, the two mobile phone masts (of which residents were not informed but were awoken at 06:20 am on a Sunday morning by the very loud installation of the second one) and the much increased traffic caused by the opening of the Tesco store. Quite frankly this area has taken a battering regarding effective or actual legal change of use and overdevelopment, many local residents agree that enough is enough and the development should cease. Many thanks for your consideration in this matter.
