If Yes, please complete the following information about the advice you were given (this will help the authority to deal with this application more efficiently):

Officer name:

Title: Mrs First name: Jane Surname: Moseley

Reference:

Date (DD/MM/YYYY): 27/04/2016 (Must be pre-application submission)

Details of the pre-application advice received:

JM confirmed that this is not currently within a major flood risk zone.

It was identified that there are overhead cables in close proximity that pass over the residential properties. It was confirmed that the building works and likely would not have an influence on these cables and would be far enough away from the overhead cables.

It was confirmed that as part of the proposals and where the new building is to be sited, a number of trees may require pruning and/or removed and replaced with similar species. JM confirmed that the trees are young trees but advised that a tree survey should be undertaken and, if possible, the building should be sited away from the trees and further towards the hard play surface.

JM confirmed that it would be necessary to improve the boundary line treatments with the car park and existing White Styles Road, as long as no screening is removed and there are no modifications to the hedgerow, there should be no issues.
