Address:	7 First Avenue Worthing West Sussex

Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Loss of General Amenity - Privacy Light and Noise - Trees and Landscaping
Comments:	Following a conversation this morning with Louise, I would like to object to the loss of our access to the park. We currently have direct access through our garden gate (7 First Avenue, Worthing) with no tunnel or any buildings in front of our gate. We use this gate all the time to access the park for our children and walking the dog and it was a key reason that we bought the house 3 years ago. I don't want to have a dark tunnel behind us, which is what some of our neighbours currently have that are behind the existing footprint of the clubhouse. It appears that the tunnel isn't maintained by anyone and is dark and unpleasant. I believe this will become an overgrown, unpleasant area and we're losing the natural light and grass area that we currently have. I also think the seating / bar area will create more noise pollution for us and attract rodents and seagulls etc. I don't understand why the extension can't go on the other side to the left of the existing clubhouse buildings, which essentially an unused corner of the park where there are no garden gates or access to the park being taken away.
