INSTRUCTION
WB/

Dear Sir/Madam

This is a letter of support in respect of the above planning application submitted by Roberts and Wrigley Associates to extend the loft space to incorporate a walk in shower room.

I would like to let you know my husband is terminally ill and the proposed shower room will greatly assist him.

Following a fire in the loft, we will have to make considerable repairs and that reinstating the loft incorporating a shower room would be to his benefit and wellbeing.

Kind Regards

Rowena Hartley
