To: Planning
Subject: objection to retrospective application

Attention: Jo Morin.

I would like to object to the erection of the fence at No Worries, West Street, Sompting. I would have done so long ago had I realised that planning permission was required for a fence.

My objection are threefold. 1. It is unsafe for cars leaving the premises because it obstructs their view. We have witnessed several pedestrians and an invalid carriage narrowly missed by an emerging car.

2. Height, which is excessive in comparison to all other properties in this part of West Street.

3. The unsightlyness of its colour which is not in keeping with the street-scene.

Yours sincerely

Neil Wilson
Smithy Cottage, West Street, Sompting, West Sussex BN15 0DD
