Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking
Comments:	As I have previously stated , there is inadequate parking at this end of the beach , Chester Avenue is already a very difficult place to park and I don't believe people using the new huts will park in the green car park if they can park across the road for free. There is adequate space for beach huts and parking further west to brooklands where also I understand there is going to be a new cafe building opening . Also after the recent storms it is quite clear that the beach is unstable as Mackleys have been down here with heavy machinery moving shingle around to bolster the sea defenses.

Kind regards
