Dear Sir

I am writing concerning a very large, dorma type construction in progress on the property that backs on to my small garden. The property is at No 36 RECTORY RD. SHOREHAM-BY-SEA BN43 6EA.

The extension covers the whole of a very large roof from top to bottom and side to side. The distance from my lounge window is no more than 20 metres This huge extension overlooks my garden and light into my property directly and also my neighbours either side of me.

I write because I understood that permission to build was granted in April 15. I thought that close properties

should have been consulted with a letter informing us what exactly was going to be built and giving us the chance to comment or disapprove if necessary. No letter was ever received by myself or anyone else

As I now approach the age of 80 I now have to put up with being viewed closely in my own lounge and even more upsetting the fact that my little garden in which I spend much time is now no longer private

I do hope this extension is looked at when finished, preferably from my (once was) own personal space and I would appreciate your comments on this.

Yours sincerely

Rita Hemsley (Mrs)
