Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Privacy Light and Noise
Comments:	With reference to the previous approved application (AWDM/0357/22) a roof extension with a Juliet balcony. The proposed raising of the Parapet . Why do they require the parapet to be raised there is no access to the flat roof of the kitchen extension, so this is not for H&S reason, Why move the roof light . This is so the Home owner can access the roof Via the sliding door That should be a Juliet balcony (Not Access to the roof) it then becomes a terrace ,the applicant has not yet installed the Juliet balcony restraint on the 1st floor level. The home owner is already occupying these rooms ,I believe cannot of been signed off by

Building control due the unfinished Juliet balcony restraint being in place.
This will impeded on my Privacy, as there is direct line of sight into my Garden and more disturbing directly into my living room.

Kind regards
