Hello,

With regards to planning application at 13 Fetherstone Close, I would like to put my objection forward as the current location of the door would directly overlook my back garden reducing loss of Privacy at 7 Upper Brighton Road.

I have also found an application for planning permission for access to be granted for a private driveway onto the A27. This would cause an obstruction to my driveway, accompanied with the fact that Fetherstone Close is separate to the Upper Brighton Road.

Many Thanks for your time.

Julie Retallick
