Comments: I am concerned about the look of the building in that it will not be in keeping with the appearance of other houses in this road.
I am concerned that it will cut the light out of my garden in the afternoons.
The bungalow is very close to my house in fact I think it is actually attached to my wall at the side of my house and so demolition of the bungalow will probably damage the wall.

I should also like to comment very strongly that the process to comment is very very difficult and not at all user friendly.
