Reasons for comment: - Privacy Light and Noise

Comments: Recent experience of basic groundwork at the property gives great concern to my wife and I as to our being able to peacefully enjoy our lives in our own property. This of course is a protected right in law (Article 1 of 1st protocol, Human Rights Act).
We have already had to tolerate considerable noise at unsocial hours and weekends, as well as finding access to our own driveway repeatedly blocked. The major development proposed here can only increase these disturbances, along with greater noise, dust and greater access issues.
iIt should be borne in mind I often work from home, and Mrs Raven is a nurse on shiftwork. Her sleep pattern is therefore of concern.
it is disappointing that Mr Sharpe has not been prepared to discuss a potentially mutually agreeable plan to meet both his and our objectives and concerns.
